The screenshot shows the IBM Cloud dashboard in a web browser. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Jothish Waran's Account). The main content area is titled "Dashboard" and features a "For you" section with six recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "Build a virtual machine" (Lift and shift your VMware workloads to the IBM Cloud), "Unlock the entire catalog" (Upgrade your account to access Virtual Servers, Baremetal, and other infrastructure resources), and "Best practices for assigning access" (Review the best practices for providing users access to resources, resource groups, and account management services). Below the "For you" section, there are four more sections: "News" (Introducing Badges to IBM Cloud Certification, Announcing IBM SevOne Network Performance Management Version 6.4, IBM Named a Leader in Gartner Magic Quadrant for Full Life Cycle API Management, IBM to Introduce a New Incident Management), "Recent support cases", "Planned maintenance", and "IBM Cloud status". The bottom of the dashboard shows a Windows taskbar with the Start button, search bar, and various application icons. The system tray on the right indicates the language is English (IN), the time is 06:51 AM, and the date is 19-11-2022.
